

# CMM's Work in Schools

Find out how our services can support tamariki and whānau at your school

## CMM'S CHILD WELLBEING TEAM WORK IN SCHOOLS PROVIDING SUPPORT FOR TAMARIKI AND THEIR PARENTS/ CAREGIVERS

CMM Response Workers and Social Workers have been working in over 15 primary and intermediate schools in Christchurch since 2012. We are contracted to schools for one or more days a week and are based in the school for that time. We offer brief and longer-term one to one intervention to support children and their whānau, home visits with whānau, group work, and access to wrap around supports.

## OUR TEAM CAN COME TO YOUR SCHOOL EVERY WEEK TO PROVIDE THE FOLLOWING SERVICES:

- One on one support to tamariki to enhance emotional and social wellbeing
- Help children to navigate and manage challenging situations in their lives
- Work with parents/caregivers to help them in their own parenting journey and support their tamariki

## IF YOU HAVE CONTRACTED ONE OF OUR SCHOOLS WORKERS, THEY ARE ABLE TO ACCESS THE CMM FAMILY SUPPORT FUND

which can provide one-off funding for items or activities such as new school uniforms or sports/music lessons

# SCHOOLS WORK FEEDBACK:

## SCHOOLS FEEDBACK:

**"Our CMM support is invaluable**, in order to provide vital well-being and mental health strategies and tools for our students and whānau who need professional help over and above what we can deliver at school.

We have a streamlined system of communicating referrals and ongoing information sharing throughout the journey of support and our CMM worker is easy and positive to work with.

**Teachers, parents, and students value this service extremely highly."**

*- Cashmere School*

## PARENT FEEDBACK:

"It's hard to put into words the changes that your team have made for our son and family. **Without your help and guidance I don't think we would have the same flourishing young son we have today.**

The strategies and care taken in the one-on-one sessions to build confidence, and the correspondence to ensure we as a family know how to support him have been so life changing for us and our boy.

**His confidence has grown and he is able to communicate when he's worried or afraid, and use strategies to cope with his anxiety.** The boy who started with you compared to the boy today is unrecognisable.

**I would highly recommend this program, the effect it has had on our young child has been monumental."**

"F was stoked with the jar of tools she took away from her session. She's doing so well now and **we know that the things you've covered will serve her well for future tough times."**
